FACTS AND OBSERVATIONS.

A Fine Dinner. Appeal to the Citizens of Menefee County.

Men Who Wore Shirts.

We spent Thursday, July 18, in Menefee county. Leaving the train at W. S. Hamilton's we secured his horse for the journey, down Slate, Hawkins Branch, etc. Crops appeared backward and the roads were dusty.

We spent several minutes with W. M. Ingram, who has been sick for about 18 months. He is unable to work, but is not confined to his room. How thankful should be the men who are free from sickness. Yet sickness is often a blessing. If men are endeavoring to live as God would have them live, sickness, a broken leg, loss of property, false accusations, etc., are for their good, for we are told that all things work together for good to those who love God.

Speaking words of encouragement, we rode on and unexpectedly fell in with some men, another sort, hoistering fellows, who were drunk or pretended to be drunk and who were not chieftains in their language. An object lesson was presented, throwing the effect of unrestrained appetite and passion, perhaps to their youthful surroundings had been unfavorable, perhaps reared by ungoverned parents, or perhaps reared by Christian parents, whose hearts had been crushed by wayward sons. We did not ask whether they had been drinking "red eye," beer, claret punch or champagne. A drunk is a drunk, and drunkenness is sin. They were clothed (they had on their shirts) but evidently not in their right minds.

This reminds us that on August 12 in two precincts in Menefee county an election is to be held to

decide whether or not whiskey is to be sold in those precincts. We appeal to the people of Menefee county to unite as one man in riding the county of the neared stuff, which has tempted, bound, destroyed so many men, who with out its legalized sale in the county would have been contented, prosperous and happy citizens. All sections of our State have felt the sting of the serpent. The sting will bring death. O! that the manhood of our State may be saved from degradation. Do not legalize the traffic. Fathers, mothers, officers, citizens, work and pray that the good may prevail. Save, if possible, the saloon keeper and his intended victims.

We returned to Mr. Hamilton's. Dinner was over, but we dined and a fine dinner we had—vegetables, old ham and as the milk can be found, with blackberry pie—simple, nourishing, helpful.

We continued our ride to Court and hired a boy to take the horse home. We publicly thank Mr. H. for his generous hospitality and courtesy for transportation.

We paid our respects to Tabor Bros., and on the run congratulated Mr. O. P. Hughart, who recently married Miss Samuel, of this city. Darroset & Buchanan had opened a grocery store since our last visit. We interviewed Mr. Darroset. We did not see Mr. W. A. Allen, who is now a dealer in general merchandise, ties, breast posts, etc., at Locust Grove, across the mountain.

We greeted A. L. French and boarded the train for home.

Fatal Cutting Affray.

A cutting affray occurred Monday night about six miles from Winchester in which James Brown, aged 50, was stabbed to the heart and instantly killed by his uncle, George Brown, aged 50. Both men were drinking and disputed over some trivial affair.

Dimes Found in a Log.

A dispatch from Owensville says: In sawing up an oak log, three feet in diameter, at Taylor & Wells' saw mill, the saw struck an obstruction in the shape of four ten cent pieces near the center of the log. When picked up from the sawdust, they were found to be sealed together in such a manner as to render their separation impossible. How they came there is a mystery, as the log was perfectly solid.

Unable to Reach a Verdict.

The case of Henry Cassidy, charged with the murder of Timothy Marshall Kirk, was given to the jury at Inez Saturday morning, and after being out for some time the members returned to the court room and stated that they had been unable to reach a verdict, six of them being for acquittal, five for two years' imprisonment and one for twenty years.

To Develop Iron Fields.

A press dispatch says. Through the efforts of the management of the Illinois Central road, two syndicates, composed of St. Louis and Milwaukee capitalists, have been formed to develop the iron fields of Kentucky. The members of the syndicate believe that the Kentucky lands will be eventually the greatest source of supply for iron in the United States.

THE SCRIBBLER

Was and is the same—
Noblest of professions.

"The constant drip of water wears away the hardest stone,
And the constant gnaw of Towser masticates the toughest bone;
And the constant cooling lover is the man who gets the trade."

SHIRT WAIST MAN, SKIRT WAIST GIRL.
The shirt waist man and the skirt waist girl
Go hand in hand to-day,
And the people year after year keep on
Throwing their clothes away.

The coat and the vest are tossed aside,
And where is the fleecy shawl?
Our clothes get thinner and fewer—what
Will be the end of it all?
Oh, what will the shirt waist man take
next?

From things he has to wear?
And what will the skirt waist girl throw
off?

From the shoulders now laid bare?
The shirt waist man and the skirt waist girl
Go rolling down the way—
Have we started a style that is going to
With the old fig lead some day?

—Chicago Times-Herald.

Most of the heat victims are those who have attempted to carry too big a load.

"Are we slaves or are we free men?" thundered the orator. "I pause for reply."

"Some of us are married," came the answer from the last row of seats.

When Judge Frame, of New York, decided that a wife had no business going through her husband's pockets, he was all right. But when he added that neither had a man a right to go through his wife's pockets he wrote himself down a bachelor, for the man who can find a woman's pocket doesn't exist.

An enterprising editor appeals to his subscribers in this way: "If you have frequent headaches, dizziness, and fainting spells, accompanied by chills, rashes, corns, bunions, chilblains, epilepsy and jaundice, it is a sign that you are not well, but are liable to die any minute. Pay your subscription a year in advance, and thus make yourself solid for a good obituary notice."

WE FANS.

A one-armed man living near Falmouth, who has a sharp-pointed hook in lieu of a hand, one day last week while asleep in a boat on thelicking river, allowed his hooked hand to fall over the side of the boat. A minnow came along and was impaled on the end of the hook. While it was struggling a three-pound bass made a rush and was also impaled. The owner of the hand was aroused from his sleep and succeeded in landing the bass which he enjoyed heartily for supper that night.—Boston News.

Somebody—Shakespeare, or Mother Goose, or that old Philistine, Aesop, once told a little story of a peacock that tried to sing and the disaster that came of it. There are lots of people known to me, and to you just like that. They are forever putting themselves forward, trying to shine before the world through accomplishments they don't possess.

One sees them of week days all up and down the street, always with an air of self-importance surrounding them like an aureole about the heads of the saints in old pictures. And on Sundays, too, while the rest of us are sitting unobtrusively in our pews, humiliated by the consciousness of

steps wrongly taken and overcome with the greatness of the Divine love, which forgiveth all, one of these shysters rushes strutting down the aisle as if he were conferring a favor on God Almighty by coming to church at all.—Danville Advocate.

When we see a young man who has just returned from an excursion come into the postoffice, run over half a dozen ladies who were waiting for the office to open, and sell at "Bill" loud enough to be heard in the next block, to open his box, we conclude there is something wrong under his hat, or else "old red" was doing it all. And by the way, speaking of the postoffice a lady said to THE SCRIBBLER the other day: "Did you ever think what an opportunity one had to study people in a postoffice? A man large enough to hear half a section of boxes will get his mail, study the superscription of each of several letters for several minutes will proceed to open them and read everyone before moving, while the crowd gushes its teeth and waits for him to get out of the way. At this juncture a prominent business man who thinks he is "the whole thing," and has been guilty of the above offense, slipped silently and swiftly out the door. Now you people who impose on the kindness of the Postmaster, or "Bill" and "Miss Lou" and the public generally should remember that you are not the only persons who get mail at our postoffice, and that you're liable to be classed with the person who drives his vehicle on the crossing and talks to a friend half an hour while pedestrians walk around where Barney's sprinkler has recently passed along. We may change the head of this column to "The Kicker" someday."

HELD OVER.

A man named Robinson, claiming Charleston, W. Va., as his home has been several days selling rings, loaves, etc. He was arrested Wednesday and tried before Judge Hazelrigg for peddling without license, the jury fixing the fine at \$50. This verdict was set aside by Judge Hazelrigg, who held him over to Circuit Court in the sum of \$50, which was given and the young man liberated. The following from an exchange in regard to peddling fits the case and we reproduce it.

"Before patronizing a peddler or taking ask yourself the following questions: Did the peddler give anything to your school debt? Did he set up with you when you were sick? When your horse turned was his name on the list of those who helped you in your misfortune? Was he one of your sympathizers when death came to your door? Did he carry you on his hooks when you were out of work. If he won't respond to these requirements he certainly is not entitled to as much consideration as your local business men, for they help you in these particulars and many more."

In this connection we would remind our merchants that if they advertise their goods and let the people know what they have that the people will patronize them instead of the peddler. Talk to them through your ad in the home papers. If you think you can't get up your ad let us know. We will write it for you. That's our business."

Will Seek a Change of Venue.

It is said that Caleb Powers will seek a change of venue to Bourbon county, when the case is called at Georgetown at the October term of Circuit Court. It is also stated that Maj. W. C. Owens will be the leading counsel in the case.

The Prohibitionists will name a ticket in Paducah and Metracken county.

A Miniature Railway.

One of the greatest novelties of the age is the Miniature Railway, the smallest steam railroad in the world. The gauge is 15 inches, the height, 30 inches from top of rails to top of smokestack on locomotive. Each passenger coach accommodates two persons, either adult or children, and is six feet long and 24 inches wide. A man standing beside the engine is from two to three feet above its top, and yet this modest runs 12 miles an hour. It works just like the big railroad trains, and will be one of the features at the Street Fair and Carnival August 21-24. Every child in the State should see and ride it.

TURNED ON HIS FOLKS

Editor Knott, of the Louisville Post, is after the Louisville Commercial and all other Sappism and some predict that Knott, ere long, will have a morning daily in Louisville. When Knott gets through with the Commercial even the hair will not be left. Knott handles facts well when he gets hold of them and he flings them with great power. If Sapp's friends would steal from Republicans what would they do for Democrats? A voice from Taylor, Finley and that gang says murder.

ENOUGH FOR ALL.

It was Admiral Sunson who called "there is enough glory to go around," but now Sunson, the mighty, conspicuous for his absence on the event of the fight with the Spanish fleet, would deprive Schley of any part of the glory. He don't care if he did do the fighting.

WELL, WELL, WELL!

Republicans of Louisville, not satisfied to wait for a regular election in which to get in their dirty work, went in to steal from each other. We are not prepared to say the law should be literally enforced against kleptomaniacs. Honest elections, civil liberty and such expressive saying are too sacred for a Republican's use. Republicans had a primary, they had a chance to steal even from Republicans and what did they do? They confess that they stole, that the boxes did not contain the wish of the people at the polls and those in high places are the accused. Such conduct as was enacted at the Louisville Republican primary should forever put to rest charges of insincerity and fraud against the Democratic party. Their crimes against the Democracy at Frankfort was murder, and in their own ranks at Louisville thievery. A nice set the Louisville Republicans are.

AT WINONA.

In another column is an article headed "Beautiful Winona." It is written by Rev. Geo. A. Joplin, of the First Presbyterian church, and is full of interest. He says, "I am having a good time, enjoying myself and am sure I shall be benefited."

AT IT AGAIN.

The Louisville Republican primary, because of thievery and destruction of ballots has been declared off and another convention under the Carroll law will be held. It was Sapp's friends that did the work.

Change of Date.

As will be seen from the large ad in this issue, the date of the Street Fair and Carnival has been changed from August 28, 29, 30 and 31, to August 21, 22, 23 and 24—one week earlier. It was deemed advisable to make this change, because of the convulsion at Louisville and the fact that the Bostock Ferrari Carnival and Midway Company could not appear here on the last named date. The company will positively appear, and the Fair promises to be the most stupendous amusement enterprise ever inaugurated in this city. The Bostock Ferrari Company only booked two cities in Kentucky—Lexington and Mt. Sterling, and the A. O. U. W. and Red Men are to be congratulated in securing them for the Fair.

Farmers who want to sell their land should list same with T. F. Rogers, the Real Estate Agent.

Not Up to date.

A firm not up to date is Shront, Robinson & Co. They don't furnish chin music, but have choice meats, fruits, vegetables and groceries of all kinds—no seconds, but the best, and their enormous trade is proof not only that they handle the best, but that their prices are right. Their meats are prepared, kept and cut scientifically.

Drought Broken.

The destructive and long continued drought that has prevailed in Kansas and other Western sections, has been broken by fine rains. While the loss to corn crop has been very heavy, in some places total, much relief has been assured.

Ice Cream Supper.

The Corinth C. E. Society will give an Ice Cream Supper at Corinth Church on Saturday night, August 10th. A silk "Friendship quilt" will also be sold them.

Commissioners Paid After Years.

Attorney W. S. Pryor, representing Gen. H. B. Lyon, Senator J. W. Thomas and the executors of Wilhoite Carpenter, the Commissioners who superintended the building of the Eddyville penitentiary, has collected from the State Treasury \$12,000 adjudged by the courts to be due them for their work. Each will receive \$4,000 without interest. The Legislature passed a special act allowing the Commissioners to sue the State to recover for their services.

Fishing Party.

Dr. Wm. VanAntwerp, "Tice" Bedford, John M. McCormick, Richard Reid, Anderson Howard, James N. Reid, J. W. Chenuit, Mrs. Miller Anderson, Misses Marie and Lizzie Bedford and Miss Richardson composed a lively fishing party that is camping on the banks of Red River.

Unpleasantness.

Sam Jackson and John Scott, colored, had an unpleasantness over a girl and on last Saturday night they fought, Jackson getting the worst of it. He was wounded in the head and arm with a knife, seriously though not necessarily fatal.

Accepted a Position.

John I. Fisher, formerly of North Middletown, has taken a position as secretary and financial manager of the Brunswick Bridge Company, of Cincinnati. This is one of the most successful bridge companies in the country.

DEATHS.

SENIOR.—On July 20, at Boulder, Col., Amos Senior, aged 55 years. He was a brother of Fred Senior, of this city.

BUSH.—Mr. Allen Neil Bush died Friday night at the home of his daughter, Mrs. Thomas W. Bruce, of diabetes, aged fifty-three years. The funeral was preached at the home of his boyhood, on the Ruckerville pike, Clark county, near the Howard's Creek bridge, by Rev. Richard French, and the remains were buried in the family graveyard. He was a native of Clark county, a son of Allen N. Bush and Polly Robinson Bush. His first wife was Miss Mollie Potts, a daughter of Rev. S. V. Potts. She died sixteen years ago, and after remaining a widow for nine years, he married Miss Kate Brawner, of this city, who survives him. He leaves two sons, Clifton H., of Lexington, and William, of Clark county, and five daughters, Mrs. Thomas W. Bruce and Misses Lizzie, Edyth, Florence and Wheeler Bush. For many years Mr. Bush was a democratic leader and for a number of years was Circuit Clerk of Clark county. Mr. Bush was a brother-in-law of J. M. Brawner and Mrs. Frank Pickrel, of this city.

McDONALD.—On Thursday morning, July 25, 1901, Hugh McDonald, aged 58 years, died at his home on Mayville street, this city. Funeral services were held Friday morning at the family residence conducted by the Baptist pastor, W. J. Bolin. The remains were taken to Winchester for interment. Mr. McDonald had been in feeble health for quite awhile, but only recently had been confined to his room. He was a quiet unobtrusive man, faithful to his obligations in the measure of his ability. At the time of his death he was Secretary of the "Harrison Burial Association." He leaves a wife, two daughters and one son to mourn his untimely demise. Our tenderest sympathies go out to these grief-stricken ones. We commend them to the God of all grace for comfort and help.

GRINSTEAD HAS ENOUGH.

Declines to Accept Nomination for Mayor of Louisville.

James T. Grinstead, recently nominated for Mayor of Louisville by the Republicans, issued a statement Sunday in which he said that he would positively decline to make the race in November. He does not believe that his nomination was secured by fraud, but he says that the fraud committed in other races is so flagrant that he could not run. His withdrawal has created consternation in Republican circles. The names of several prominent Republicans have been mentioned in connection with the race, but they decline to run, and it is the opinion that no decent Republican will consent to make the race as long as Sapp controls the committee.

Governor Bradley is responsible for Mr. Grinstead's withdrawing. He told him that no decent man could afford to accept such a nomination.—Morning Democrat.

All hot weather records in Louisville for the past thirty years were broken last week. For seven consecutive days the mercury has gone higher than 100 degrees. On Monday it broke the highest record of 104.6 by going to 105.3. Every body thought that would stand for fifty years, but on Thursday the record of Monday was broken with a temperature of 107.

Beautiful Winona.

A prominent lawyer of Pittsburg who had been spending several weeks at Winona Lake, remarked as he was leaving: "I came reluctantly, I remained contentedly, and I leave regretfully." Certainly it is a beautiful and pleasant place. It is a place which once visited you will desire to visit again, and you find many people here who have been coming season after season. While many buildings have been erected, they have been so located as not to destroy the natural beauty of the grounds. The Young People's Society of the United Presbyterian Church has been holding its National Convention here during this week, and the Scotch origin of this church was not only evident by the features of the delegates but also by the names, for not only might it be said that "the Campbells were coming," but the Macs—in all kinds of combinations—are also here; truly it would seem to be a gathering of Scotch clans. It was a magnificent sight to see the large amphitheatre, seating over twenty-five hundred, crowded, with many sitting on seats outside; and to listen to the grand and dignified singing of the Psalms of David. The address of welcome was given by Rev. J. Wilbur Chapman, D. D., of New York, who has been identified with Winona from the very beginning. This was the first appearance of Dr. Chapman in public since his serious illness several weeks ago, and the enthusiasm when he was introduced expressed itself in prolonged applause. He was equal to the occasion, and though speaking only ten minutes, charmed all who had the privilege of hearing him.

The amphitheatre is fairly well filled at each service. It is a well arranged hall and speakers can be heard in any part of it. There are no hats worn by either men or women. Everyone enters quietly and self-shame seems to be entirely wanting. Some great preachers of the United Presbyterian Church are on the programme, and each session is an intellectual and spiritual feast. It is not a difficult thing to get acquainted at Winona; all who are here are aristocratic—most of them being Presbyterians or United Presbyterians. Introductions are not needed, and it is safe to speak to everyone you meet feeling sure you will receive a cordial greeting in return. There are well laid out tennis courts, and plenty of shade for the spectators and the courts are nearly always filled. I have watched a number of games, but as yet have seen no good playing. I have wished that I had several of the teams that play on the High School courts in Mt. Sterling with me, that I might show them a little real tennis, however, I understand there will be a "Tennis Tournament" next week, and then, I suppose, we shall see some good playing. The boating and bathing are very popular these hot days. There has been much more here than at home, and we have had delightful showers since I arrived.

Excursion to Yellowstone Park.

An extensive trip to the Yellowstone Park has been arranged by the American Tourist Association of which Rean Campbell is general manager. Many people of the vicinity are going as the itinerary is leisurely and there are long stops at all points of interest that the traveler will be able to make extended explorations of such places as Pike's Peak and Garden of Gods in Colorado. The itinerary of the tour includes a visit to the unique Salt Lake City, and long ride in sight of the Rocky Mountains. Then some features that have made these tours so popular will be prominent this year. There will be utmost privacy for small parties in the Pullman sleeping and dining cars and all the drives will be for the benefit and exclusive use of the tourists. The members of the Association have arranged for a tour of Alaska, and if individual members of the Yellowstone party desire to continue further north the trip will be incorporated in the itinerary. The cost of tickets for these tours will include all expenses everywhere. For full particulars address A. A. Gallagher, D. P. A., 408 Vine St., Cincinnati, O.

CARBUNCLES AND BOILS

SYMPTOMS OF BAD BLOOD

There is a popular belief that every boil is worth many times its weight in gold, and the sufferer patiently, even cheerfully, endures the pain under the mistaken idea that these little tormentors are health promoters; that they thin the blood when too thick, and cleanse and cool it when too hot or too rich. On the contrary, boils and carbuncles are evidence of blood poverty, or a fearfully depraved condition of that fluid. There may be no external evidence of bad blood until the warm days of spring set in motion the sluggish circulation and the pent-up impurities, unable to escape through the natural outlets, gather near the surface of the skin, and a Carbuncle or a Boil is the result. When the blood is burdened with an undue amount of this impure matter, the Boils come in greater number, eat deeper into the surrounding flesh, and being nearly always located on a bed of nerves, cause the most intense suffering. Robust and apparently healthy people are subject to Boils, and there is always some hidden agency at work within the blood and system that will eventually undermine the health, but those whose constitutions are broken down by previous sickness or other causes, are most often the unhappy victims of Boils and Carbuncles. Exposure to the deadly malaria destroys the red corpuscles and reduces the blood to such a weak and watery condition that it succumbs to the boil-producing poisons, and the pale and sallow sufferer is continually nursing one or more of these feverish and painful eruptions. A harmless Boil is sometimes the precursor of dreaded Cancer, and too often the best evidence of a deranged condition of the kidneys or chronic liver trouble, brought on by lack of nutritious blood; or it may develop into a running abscess or ugly eating sore, causing years of suffering, and often terminating fatally. To seek relief from the inflammation and pain produced by these terrifying eruptions through the application of local remedies is natural and right, but this method of treatment does not prevent others coming, or bring the slightest relief to the disease-burdened, deeply poisoned blood. Only a thorough regeneration and building up of the depreciated blood can bring about a lasting cure of Carbuncles and Boils and prevent their reappearance. S. S. S. restores to the old blood all its lost properties, re-invigorating and giving it the healthy red color that only pure, fresh blood can have, and through this new blood strength and vigor comes to the bodily organs; the skin resumes its functions, and impurities of whatever character are taken up and filtered out of the system in nature's way.

S. S. S. is made exclusively of roots and herbs selected for their wonderful purifying and tonic properties. It cures blood poison diseases of all kinds, whether acute or chronic. No matter how long the poison may have been in the blood, S. S. S. removes every vestige of it, thus insuring a faultless circulation and healthy body. Those subject to boils or any skin eruption, old sores or ulcers, are asked to write our physicians all about their disease, and any information or advice wanted will be cheerfully and promptly given without any cost to the patient whatever. A valuable book on Blood and Skin Diseases sent free.

Those farmers who have suffered losses by dog raids on their sheep should adopt the plan of D. J. Thurman, of Larue county. Mr. Thurman has a pair of Angora goats that run with his flock. These goats will fight a dog so fiercely that they will not attack a flock of sheep but only if protected by them, for they can whip any dog that travel on four legs, frequently killing the dog outright.—Danville Advocate.

A Monkey Balloonist.

One of the most interesting and novel attractions out this year is the Monkey Balloonist. Using the ordinary balloon, the monkey ascends to the height of from 1,000 to 2,000 feet, and makes a sensational parachute leap for "mother earth." This up-to-date feature is one of the free attractions at the Mt. Sterling Street Fair and Carnival, August 21—24.

LAND, STOCK AND CROP.

"The condition does not admit of argument," said T. J. Burgess, of Sudleyville, Scott county, Ky., at the Emery, a large tobacco grower and dealer. "The tobacco crop in our State is sure to be short. It had a very late and bad start off, and I have never seen it in worse shape than now. I have been over half a dozen of the burley producing counties and there cannot possibly be more than half a crop. There was less than the average area planted this year, owing to the backward season, the high price of hemp, a much less expensive crop to raise, and the high price of corn. The Kentucky corn crop did not get a serious blow until Sunday, when it slacked and curled up."—Cincinnati Enquirer.

Those farmers who have suffered losses by dog raids on their sheep should adopt the plan of D. J. Thurman, of Larue county. Mr. Thurman has a pair of Angora goats that run with his flock. These goats will fight a dog so fiercely that they will not attack a flock of sheep but only if protected by them, for they can whip any dog that travel on four legs, frequently killing the dog outright.—Danville Advocate.

A great complaint comes up from the farmers this season in regard to "white top." The meadows are ruined by it in many instances and in nearly every other case the meadows are barely worth cutting. New meadows, those that yield the first crop this year are in quite as bad condition as fields that have been sown three or four years. The farmers complain that the timothy seed they buy has in it white top seed. A machine that

"The Land of the Sky."

Europe may have her Switzerland, the West its Colorado, the Pacific coast may glory in the Sierras Nevada, and British Columbia in her Cascade range, but nowhere on the face of the earth is there a region more picturesque, more charmingly beautiful than the mountain country of western North Carolina, justly known as "The Land of the Sky." It is true there are mountains of greater elevation in each of the localities named, but the greatest canvases in the gallery of art are not the choicest gems, nor is the beauty of nature to be measured on geological lines. Where the mountain ranges of the West are rugged, barren and forbidding, those in Western North Carolina are robed in deep forested woods to their highest summits. Where the great peaks of the Sierra Nevada frown, those of "The Land of the Sky" smile through banks of rhododendrons and azaleas. Where the valleys of the one are rocky and impassable gorges, in the other they are fern-carpeted forest labyrinth, through which crystal streams tumble merrily along over moss-grown rocks in their race to the open.

Picture is your mind a region where range after range of heavily forested mountains parallel each other like waves of the sea, where intervening valleys are rich with verdure and flowers, and where silver streams murmur unceasingly. Imagine an air so light and pure that breathing itself seems a new-found joy; then throw over all a canopy of bluest of Italian blue, and you have "The Land of the Sky."

This rugged mountain region embraces the extreme western portion of North Carolina and the eastern edge of Tennessee. Within these confines are several districts alike in their general features, but each having distinct charms and advantages peculiarly its own. The one most generally visited has Asheville for its tourist center.

None the less beautiful, however, is that country in and about Blowing Rock and Grandfather's Mountain, of which Lenoir is the entrepot. Southwest of Asheville are the Flat Rock, Tryon and Sapphire regions, which attract many visitors because of the charming environments. Southwest of Asheville, and between that city and Murphy, is the Balsam Mountain country, wild, solitary and Swiss-like, with the Hayward Sulphur Springs as the chief tourist rendezvous. Over to the west, and near the Tennessee line, is the less rugged, but more picturesquely beautiful, territory in and about the Hot Springs, while almost due north from here and across the Tennessee line looms up, in the majesty of its towering height, Roan Mountain, crowned by a hotel, the highest building east of Colorado, and a favorite summer gathering place for people from near and far. Taken as a whole, no similar area on the western continent compares with "The Land of the Sky" in beauty or sublimity. In square miles it is the equal of Switzerland. In attractiveness, accessibility and health it is its rival.

The Southern Railway, which brings "The Land of the Sky" within easy reach, approaches it from all directions of the compass. From St. Louis daily sleeping cars are operated direct to Asheville, which is an all-the-year-round resort, thus putting St. Louis tourists into the heart of the region with only one night on the road.—Globe Democrat, St. Louis, July 14th, 1901.

IT MAKES WOMEN HAPPY.

"I had been a sufferer for many years from nervousness with all its symptoms and complications," writes Mrs. G. N. Fisher, of 161 Lexington Ave., New York. "I was constantly going to see a physician or purchasing medicine. My husband at last induced me to try Dr. Pierce's Favorite Prescription. After taking one bottle and following your advice I was so encouraged that I took five more bottles of 'Favorite Prescription.' I continued taking it and felt that I was improving faster than I did. I am not now cross and irritable and I have a good color in my face. I have also gained ten pounds in weight and one thousand pounds of comfort. I am a new woman once more, and your advice and your 'Favorite Prescription' is the cause of it."

WILL PROBABLY.

The will of Henry F. Judy was probated July 22. It was dated March 31, 1899, and gave to his wife, Fannie Judy, for her own use with power to dispose of it, a house and lot on Lexington Avenue, Winchester, where he died; horse and buggy, all household goods, cash on hand, not to exceed one thousand dollars, life interest in house and lot, 107 acres which was bought of J. E. Hall on the Mt. Sterling pike, also life interest in 194 acres at same place.

To his grandchildren and namesake, Henry Judy Gay, he left his watch. The residue is to be divided into three equal parts and is to go to his daughters, Mrs. Annie Rutledge, Nannie Stoffer and the children of his daughter, Laura Gay. After the death of his wife the property left to her for life, is to be divided in the same manner. A mortgage note of \$4,402, due from his daughter, Mrs. Stoffer and husband, is to be collected before division. He asks the court to appoint H. S. Johnson, of Clark county, as guardian of his three grandchildren, the children of his daughter, Laura Gay, — Winchester Democrat.

FACTS AND OBSERVATIONS.

A Trip to Martinsburg, Elliott County, Ky.

On Wednesday, July 24, the writer left on 12:25 train. At Morgantown he hired a horse for the three days horse-back trip. As the shades of evening fell we were at Elliottsville, alias Hightown, where we spent the night.

Two days before (on Monday morning) Mr. F. T. Nickell, a wealthy farmer had been ambushed within two miles of town. The event seemed to attract little attention.

We did not know whether this silence was because the people were afraid to talk, or because they did not care if he was shot or whether the shooting of a man in Rowan county was such a trivial matter that they discuss weighty matters. The current report is that he had invaded the sanctity of a home and failing to heed the warnings to stay away he had been shot as he rode along the highway. He was alive on Saturday but was regarded as dangerously wounded.

Early on Thursday morning we rode on, paying our respects to Mrs. S. F. Taber, Abel Condit, D. L. Clark and other merchants enroute.

We side-tracked during a rain. Even a sober man can get mixed as to directions in a strange country. We laughed when we ascertained that we were returning to Hightown. A man set us right. It pays to ask questions.

We reached Martinsburg (county seat) Sunday Hook postoffice at 2 o'clock. We stopped at the Little Hotel, kept by Mrs. M. M. Cottle, sister of John W. Barber.

The distance from Morgantown to Elliottsville is 26 miles. Jno. W. Barber, Chairman of Democratic Committee told us that during the last campaign he made the trip 21 times on horse-back. He was dearly paid for all the wealth (?) and honor received—in fact if political honors are to be thus attained he should go to Congress or the U. S. Senate. He surely can stand anything.

Fight at Gates, Ky.

On Saturday, July 20, at Gates, Ky., on the C. & O. railroad, above Morgantown, a fight occurred in which three men were wounded. W. G. McNickle is a merchant and Mac Howell is his clerk. William and Chas. McCorrick are brothers living in the neighborhood.

McNickle sold to William McCorrick a bale of hay which came to \$1.13, receiving \$1.25, from which change was to be made. The merchant lacked one cent leaving Howell and gave the young man 11 cents.

Later McCorrick returned, saying that he had not received any change. The merchant explained how it was and said if change could be had he would give the other cent. A dispute arose and the merchant endeavored to put McCorrick out.

In the fight the merchant was cut in the back with a hatchet and in other places with a knife. Howell, the clerk, was cut with a knife and 1 ins. McCorrick was shot by Howell.

The wounded men were not regarded as in serious condition on last Saturday when a representative of our paper called at Gates. He did not meet any of the parties engaged in the fight.

Rev. White, ex-Sheriff of Clay county, has bought a 105-acre farm three miles from Lexington on the Richmond pike at \$101 per acre.

SANDY HOOK.

We are not a skilled archaeologist, and as no one told us how old the town was, we leave our readers to guess. The population is about 150. The merchants are J. R. Green & Co. (the Co. is A. T. Redwine); G. M. Hunter and L. M. Ward.

The doctors are Sanford Bailey and S. G. Hunter, the P. M. The lawyers are J. B. Hannah, Mat Redwine, L. Y. Redwine and A. T. Redwine.

There is only one church, the M. E. church, South. J. H. Vansant is the pastor. He is a brother of James Vansant, of Campton.

The combination mill of the town is in charge of H. J. Spradlin. 51 years old, an acquaintance of our father.

OIL AND GAS.

J. H. Vansant (with his partner S. G. Preston, of Catlettburg), has secured and owns leases on 20,000 acres of land in the county. The prospect for oil and gas is flattering. He says there are two well defined streams of oil in the county and gas in abundance.

Of the Democratic nominees we met W. W. Green, Jr., County Clerk; A. T. Redwine, County Attorney; D. M. Hallbrook, School Superintendent. As the Democratic majority in the county is over 700, we expect all the ticket to be elected.

We had short talk with County Clerk Mohlerly, County Attorney Gray and J. W. Rose, who for several years has been a school teacher.

If there is a saloon in town we did not see or hear of it. We presume the people are too sensible to permit one.

We started homeward on Friday morning at 10 o'clock. In our next issue we will have more to say. Tired, blistered, hot and hungry, we applied for refreshment for self and horse after sundown at Enterprize. Turned down, we rode on to soldier, and at 8 o'clock we broke bread, etc., and slept. Reached home late Saturday evening by train from Morgantown.

A Stranger in Need.

We have word from Mr. Everett Wills, who left here last fall for New Mexico seriously afflicted with consumption, to the effect that he is now in a dying condition and wants to return home to see his mother and friends before he dies. He is very poor and money was given by the charity-loving people to send him to the health-giving climate, where, though sick all the time, he has been able to work and earn his board and clothes, but nothing more. His case is a pitiable one and appeals to the charitable people regardless of church or order. We hope to wire him the money to-day that he may start at once for his home.

We appeal to the public for help for the worthy and moneyless young man among strangers, dying and desirous of seeing his mother, who is also without means. We would ask those who wish to contribute to give to Drs. R. Q. Drake or W. R. Thompson.

Public Sale.

Unless sold privately before that day I will on Saturday, October 5, 1901, sell publicly on the premises to the highest bidder, six and a half acres of land situated on the north side of the Mt. Sterling and Winchester pike, just outside the limits of the city of Mt. Sterling. For the most money it will bring. Terms reasonable and made known on day of sale. For further information, address me at Lexington, Ky.

A man is not so sensitive about having his wife wear a cap on which he doubts if his name is Indianapolis News.

It may be that you haven't more trouble than others, but that you have more time to think about it.—Athens Globe.

It takes a smart man to speak in broken languages, but it takes a smarter one to remain silent in one language.—Chicago Daily News.

A Paradoxical Tale.—Judge: "Have you formed any opinion on this case?" Wouldleigh: "No, sir; I haven't mentioned it to my wife."—Smart Set.

Hence the Term. — Clarence: "Why do you say the wedding was patriotic?" Algernon: "Well, the bride was red, the groom was white, and her father, who had all the bills to pay, was blue."—Baltimore World.

Economy.—Why do you smoke so constantly? It's not only harmful, but extravagant. "Oh, no, it isn't extravagant. You see, I save matches by lighting each fresh cigar from the stump of the one before."—Philadelphia Press.

De Witt: "Yes, my son follows the medical profession." "Diabli!"—With his black clothes and white hair, he looks more like a minister than a doctor." De Witt: "I didn't say he was a doctor. He's an undertaker."—Philadelphia Press.

Don't Keep Still About It.

EMPTY BOX CARS.

Explode Like Paper Bags in Case of Collision.

"Did you ever hear a freight wreck?" said a railroad man the other evening to a New Orleans Times-Democrat reporter. "You mean did I ever hear one, do you not?" "No, I said 'hear' one, and your not understanding the question shows that you have never been within earshot of a collision between two trains of box-cars. I was at a little station on the Iron mountain a few years ago, when a long file of empty cars rushed past, rounded into a deep cut, and must have been half a mile away when we heard a frantic whistle from the engine, answered by another in a different key, and then there followed a series of explosions as if 15 or 20 dynamite cartridges had been set off in succession. We knew that something horrible had happened, named a handker and started for the scene. We found the freight telegraph several dead trainmen and as we were looking a wreck as ever happened. What caused the explosions, you ask? A man on one of the cabooses told me that as the engine on the down train struck the first empty box car it blew up like an empty candy bag popped by a boy, and then each succeeding car went off with the pop! pop! pop! we had heard away back at the station. The principle of the thing was the same; the air in the cars was compressed to the bursting point. Yes, a hollow train is like a hollow head: it makes more noise than a full one. Not always, however, for another wreck I heard was hard to beat as a noise-producer. I was waiting for the Chicago limited on the Chicago & Alton road, at Upper Alton station. Just beyond the depot is the huge part of the largest producers in the world. Some one had left a switch open, and the limited dashed into the glass works; switch and passenger cleared through six box cars loaded to the roof with prescription bottles. A servant girl dropping a tray of new china can give you only a faint idea of the resulting smash."

You cannot kick and haul at the same time.—Ham's Hall.

Don't be a misfit in the world. Learn to do some one thing well, and your work will be in great demand, and you will not be a misfit. —Frank Harrison.

DeWitt's Witch Hazel Salve should be promptly applied to cuts, burns and scalds. It soothes and quickly heals the injured part. There are worthless counterfeits, be sure to get DeWitt's. F. C. Duerson.

To finish the moment, to find the journey's end in every step of the road, to live the greatest number of good hours, is wisdom. —Emerson.

"I am indebted to One Minute Cough Cure for my present good health and my life. I was treated in vain by doctors for lung trouble followed by the grippe. I took One Minute Cough Cure and recovered my health." Mr. E. H. Wise, Madison, Ga. F. C. Duerson.

If we read the secret history of our enemies, we could find in each man's life sorrow and suffering enough to disarm all hostility. —Longfellow.

You can never cure dyspepsia by dieting. What your body needs is plenty of good food properly digested. Then if your stomach will not digest it, Kodol Dyspepsia Cure will. It contains all of the natural digestants hence must digest every class of food and so prepare it that nature can use it in nourishing the body and replacing the wasted tissues, thus giving life, health, strength, ambition, pure blood and good health by appetite. F. C. Duerson.

All that we are is the result of what we have thought; it is founded on our thoughts; it is made up of our thoughts. —Buddha.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

We can only be valued as we make ourselves valuable. —Emerson.

"I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia Cure is without question, the best and only cure for dyspepsia that I have ever come in contact with and I have used many other preparations." —John Beam, West Middlesex, Pa. No preparation equals Kodol Dyspepsia Cure as it contains all the natural digestants. It will digest all kinds of food and can't help but do you good. F. C. Duerson.

Difficulties are things that show what men are. —Epictetus.

What among human ills are more annoying than piles? The afflictions that prevent active exercise are bad enough, but one that makes even rest miserable is worse. Women are among its greatest martyrs. Faber's Buckeye Pile Ointment will cure the most obstinate cases, 50c in bottles, tubes 75c.

I don't think much of a man who is not wiser today than he was yesterday. —Abraham Lincoln.

The piles that annoy you so will be quickly and permanently healed if you use DeWitt's Witch Hazel Salve. Beware of worthless counterfeits. F. C. Duerson.

Ex Congressman T. Y. Fitzpatrick was prostrated by heat at his home near Frankfort, Tuesday, but is reported to have recovered and able to be about.

One famous little pill, DeWitt's Little Early Riser, compel your liver and bowels to do their duty, thus giving you pure, rich blood to recuperate your body. Are easy to take. Never gripe. F. C. Duerson.

The wise gods have put difficulty between man and everything that is worth having. —J. R. Lowell.

Imperfect digestion and assimilation produce disordered condition of the system, which grows and is confirmed by neglect. Herberine gives tone to the stomach, and causes good digestion. Price 50c. Thomas Kennedy.

Seest thou a man diligent in his business? He shall stand before kings; he shall not stand before mean men. —Proverbs of Solomon.

It is easier to keep well than get cured. DeWitt's Little Early Riser taken now and then, will always keep your bowels in perfect order. They never gripe but promote an easy, gentle action. F. C. Duerson.

Success don't konsist in never making blunders, but in not making the same one twice. —Josh Billings.

Those who live on farms are liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is promptly applied. Price 25 and 50 cents. Thomas Kennedy.

Mr. Luther Allen, son of Mr. S. R. Allen, of Watervort, Cumberland county, was drowned in the Cumberland river at Burnside, Ky., Saturday.

A bad complexion generally results from inactive liver and bowels. In all such cases DeWitt's Little Early Riser produces gratifying results. F. C. Duerson.

Smith's Grove is making an effort to secure the Vamlerbilt training school to be located somewhere in Southern Kentucky.

To eradicate worms from the system give the child plain, nourishing food and White's Cream Vermifuge. The result will be, the worms will disappear and the child become healthy and cheerful. Price 25c. Thomas Kennedy.

White's Cream Vermifuge not only effectually expels worms, but is unequalled as a tonic, and is certain and permanent cure for Chills and Fever in children. Price 25c. Thomas Kennedy.

The safe of the O. & N. depot in Owensboro was blown open Monday morning and robbed of \$68.33.

A hearty appetite does not always indicate a healthy condition. It is not the quantity of food which is eaten but the quantity which is assimilated, which determines the actual value of the food consumed. If the stomach and organs of digestion and nutrition cannot convert food into nourishment, and into blood, then the food is an injury instead of a benefit. For all disorders of the stomach and its allied organs of digestion and nutrition, there is a certain remedy in Dr. Pierce's Golden Medical Discovery. It removes obstructions, it strengthens the stomach, nourishes the nerves, enriches the blood and builds up the body. It is a flesh-forming, muscle-making preparation, making firm flesh instead of flabby fat. "Golden Medical Discovery" contains no alcohol, whiskey or intoxicant of any kind, and is equally free from opium, cocaine and all narcotics.

A bill was introduced in the Virginia Constitutional Convention Tuesday exempting the property of Confederate soldiers from taxation, to the amount of \$1,000.
